ORT UK

ORT UK is an education charity that inspires and supports secondary school-aged students to make informed, confident decisions about their future career journeys, guided by industry experts.

We focus on developing transferable work-ready skills through our long-established ORT JUMP Mentoring and Employability Skills Programmes. These enable young people to identify their individual strengths and passions, explore a diverse range of industries and navigate potential pathways.

We are a Jewish charity creating opportunities both within and outside the Jewish community, to build a stronger society together.

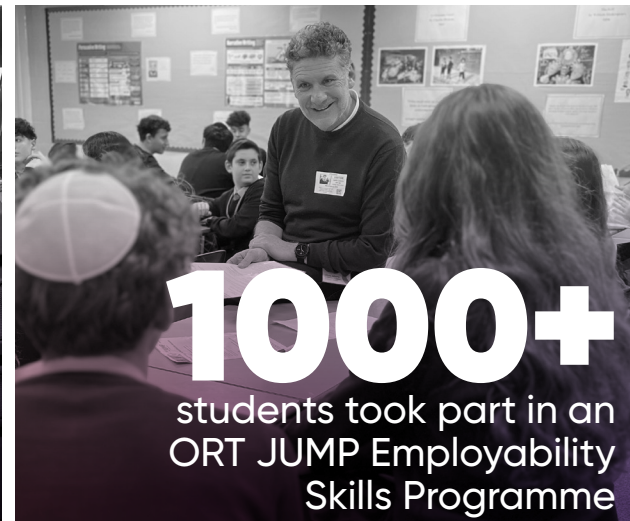

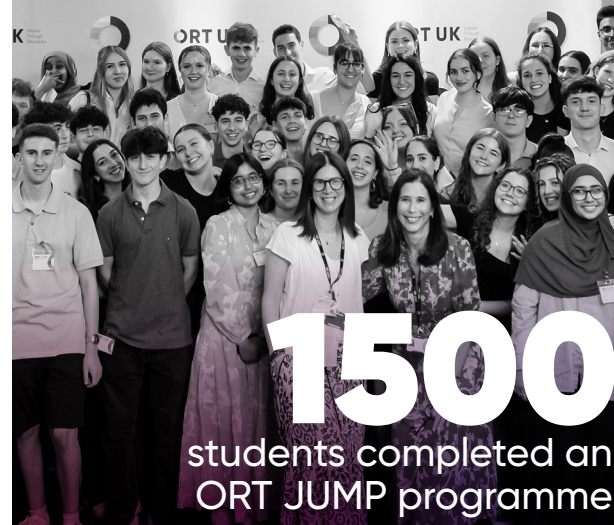

By sponsoring the ORT UK Business Leaders Breakfast, you are enabling us to continue developing and expanding our ORT JUMP programmes, so that we can help thousands more young people JUMP-start their career journeys with confidence.

“ It is truly incredible to see the range of opportunities ORT UK offers. Our students grow in confidence, develop new skills, and gain insights into careers and futures they may not have otherwise considered. We are so grateful for their commitment to supporting young people. ”

Brandon Pieters, Assistant Headteacher & Head of Sixth Form, Yavneh College

IMPACT ACROSS GENERATIONS

a conversation about entrepreneurship, opportunity and the future of work

Every young person deserves to be equipped with the knowledge, skills and confidence to fulfil their potential. That's the work this Breakfast will fund on Wednesday 17 June 2026 and we would like **you** in the room. The ORT UK Business Leaders Breakfast brings together senior figures from business, philanthropy and the professions at a prestigious London venue, for a conversation that matters. As AI, automation and a generational shift rewrite the world of work, how do we ensure the next generation receive the same opportunities we did, so they can embark on their own meaningful career journeys?

We'll be putting that question to:

Sir Ronald Cohen – pioneer of impact investing and philanthropist

Euan Blair – founder and CEO of Multiverse

In a conversation with:

Lord Daniel Finkelstein OBE – political columnist, The Times

The event will be chaired by:

Ronel Lehmann – founder and CEO of Finito

There will be a limited number of sponsorship and table opportunities for organisations who want their brand alongside the conversation – and the work it funds. Every pound raised supports the ORT JUMP Mentoring and Employability Skills Programmes that take young people from classroom to career.
